Summary of Qualifications

Self-taught, personable, and reliable full-stack developer. I have a background in accounting/finance and I'm currently looking to transition to a career in software.

EDUCATION

Bachelor of Business Administration
University of Memphis, Memphis, TN
Major: Accounting

Associate of Science
Southwest Tennessee Community College
Major: Accounting

SKILLS

Languages: Python, Java, JavaScript
Frameworks: ReactJS, NodeJS, Flask
Business Tools: Spreadsheets, Internet Applications, Office Suite, Excel Certified, 2016

PROJECTS

Stockie (Python WebApp)
- WebApp that provides basic stock analysis using data from the polygon.io API.
- Utilizes a SQL database for storage of users and stocks they wish to track.
- Displays broad market stats such as top gainers, top losers, etc.

Caffiend (Java App)
- Productivity app that allows users to track their caffeine intake over time.
- Verifies and parses user's input then adds it to the data for later use.
- Sorts user data into numerical order based on time automatically with sorting algorithm.

EXPERIENCE

Staff Accountant, May 2022 – June 2022
Campbell Clinic, Germantown, TN
- Completed bank reconciliations for the clinic in a timely manner and accurately.
- Filed invoices in the order received as well as the time period to create an archive.
- Performed analysis of costs for future changes of policy for upper management.
- Entered financial data to assist the month-end close and confirmed details for accuracy.

Equipment Audit Associate (Temp), Jan 2022 – May 2022
IMC Companies (via Robert Half), Collierville, TN
- Post invoices to Great Plains with high accuracy in a timely manner.
- Prepare invoices for processing by attaching proper documentation.
- File disputes based on coordination with operations and vendors.
- Audit auto-generated invoices for accuracy to create a backlog of invoices.

Finance Intern, July 2021 – September 2021
Baptist Memorial Healthcare Corporate, Memphis, TN
- Analyzed Excel spreadsheets to create insights for reimbursement.
- Assessed insurance plans to determine legitimacy and confirm payment.
- Completed cost reports for management that summarized hospital finances.
- Communicated with management and coworkers to ensure accuracy and completion.
